Pizza that's out of this world!

HELP US HELP SCOTTY

December 11, 11am – 9pm

On September 14, 2007, during a Mission Hills Grizzlies home football game, linebacker #54, Scott "Scotty" Eveland, sustained a critical head injury. He remains at Palomar Medical Center following emergency surgery. Although doctors say it could be months before they can give their prognosis, his family remains very hopeful.

In an effort to assist Scotty and his family with their medical expenses, all four locations of **Killer Pizza From Mars** are sponsoring a fundraiser, on December 11, from 11 am to 9 pm. 100% of all the profits from the days sales will go to the family in an effort to help with their ongoing medical expenses.

Scotty's family wishes to extend their sincere appreciation for the incredible outpouring of love and support from the community. They ask that you hold him in your heart and continue to pray for his speedy recovery.
